To Whom It May Concern:

It is my pleasure to inform you that Emilia Florek-Guerrero is the official Global Wellness Day Ambassador of Poland since April 2021. Emilia organized a vast variety of wellness activities, workshops and lectures throughout Poland both virtually and physically during the COVID-19 pandemic; gaining the support of local brands and associations. As a hard working individual, wellness activist, enthusiast and GWD Ambassador; I'm sure Emilia Florek-Guerrero will continue to spread wellness globally.

Global Wellness Day is an entirely not-for-profit day, a social project dedicated to living well. The purpose of Global Wellness Day is to ask the question, even if for just one day, "How can I live a healthier and better life?", to direct the thoughts of both individuals and society towards "living well" and to raise awareness.

Sincerely,

Belgin Aksoy
